

**FAMILY WATER EDUCATION 2016**

This Series ran 3-consecutive Saturdays ending on Nov 5. All 3-sessions were well attended by families. Family participation encourages deep learning.

Stream Trailer

Mainstreams Stream Trailer at the Community Garden on Rotary Drive. Kids, parents and grand parents!

Climate Change

Dave Quinn created Mainstreams Climate Change Adaptation Curriculum. It was a hit and drew older kids, who planned their future climate change adapted home and community.

Macros

The Series was rounded out by a Macro Invertebrate Session led by Patty Kolesnichenko. Patty designed this curriculum, which allows kids to build macros through arts and crafts.

**Partners with Kimberley City**

Mainstreams is partnering with the City in focusing on Kimberley's Watershed. We call it WATER AWARE 2017. Mainstreams will provide water education services as well as assisting the City to improve the Riparian Zone in all the tributaries that make up our Watershed.

So... Mark Creek, Kimberley Creek, Lois Creek and Mathew Creek will be our prime focus.
