

Eimer's Lake Walk

Covid has limited Mainstreams program options, but has also created opportunities.

With funding from **BC Hydro and the Trust**, Mainstreams re-vitalized Eimer's Lake and Lois Creek Community Nature Walks and added Covid-19 protocols.

Both walks were limited to 10 participants and both successful walks included students of nature from 3-generations.

Mainstreams tips our hats to Jill Jennings, Patty Kolesnichenko, Kim Urbaniak and Laura Duncan for making this happen.

Lois Creek Walk

None of Mainstreams Programs would exist without these funders.
